1. Starting over

We got home and everyone sat on the couch " Wow dudes we did it we bet Venom" Beast boy said " I know I can't believe I killed my father but he was ruler of all villains" I said

" so about that triple date Braydon I have to cancel me and Starfire are going to do something else you and Rae do something and BB and Terra do something else too" said Robin. "Your right but sorry Rae am way to sore to do any thing" I said.

I got up and headed to the window I saw some black shadows go by in the fog the looked like-like DRAGONS! " UH! GUYS you may want to look at this!" everyone got up and looked outside " a is that Dragons?" asked Raven " Yea and there headed TO US! TITANS TO THE ROOF!" said Robin

2. The Dragons

We got to the roof and there was Dragons everywhere. "Hey I read about these Dragons THAT ONE! there a Zippleback! and there a Nadder!" I said then a fiery Dragon came up behind me and spit fire at me I moved and missed. Then I heard a loud whistle of a night fury no one seen before and it hit the side of the tower and fire blasted throw the window. Then a Gronckle came and blasted Starfire. "STARFIRE!" Robin shouted ' ' THATS IT TITANS GO" said Robin Raven and I and Robin took on the Deadly Nightmare while Beast boy fought a Nadder and Starfire fought a Gronckle and Cyborg fought a

Zippleback.

Me and Raven used are magic to hold the Nightmare down while Robin put a smoke bomb inside the Nightmare's mouth and wacked it with his staff. But Cyborg had a problem with the Zippleback he could not tell which head was which. When ever he had one head that would be gas and every time he went for the other one he had already had lighten the gas to make fire in front of Cyborg. Then the Night fury strike's again and blasted me fly me way back in a forest where there were wired caves. I ran back inside the tower the Dragon's were gone and everyone was inside.

Everyone was in the kitchen making a meal "did we win?" I asked "What do you think?" Beast boy said with a burnt face " WE GOT CREAMED AND WHERE WERE YOU!" said Beast boy " I got blasted to a forest which is like 5 miles away" I replied. "Well lets just in joy dinner you guys" said Robin trying to brake up the argument Robin had made some chicken soup. We all started to eat. "have you guys ever wondered what a Night fury would look like?" I asked. The group said no "no but for some reason in one of my books they talk about the Night fury" said Raven "hmmm...you think we could catch one?" I asked " Uh...no way dude night fury's are hard they go super fast" said Beast boy said " Guys I remember something when I got blasted and I saw a shadow of a dragon in the tree's like it could not fly and it was a night fury blast so that dragon I saw has to be a night fury" I told " maybe...maybe not" said Robin then Starfire came in "sorry am late for the dinner friend I was what you call on earth cleaning up" said Starfire

After we ate everyone got a good night sleep. The next day Robin alerted everyone " What is it Robin? " Cyborg said " There some people coming here there all in a group and one is on a dragon and there headed here. A few minutes later there was a knock at the door.

3. Why the dragons attacked Hiccup's Death

"Where here to tell you something" said a girl with a blue stripped shirt with blond hair and a spikey skirt
